Terrorism, 1988-1991: A Chronology of Events and a Selectively Annotated Bibliography (Bibliographies and Indexes in Military Studies) Edward F. Mickolus

As Mickolus once more demonstrates, terrorism is alive and well at the beginning of the 1990s. This volume combines a chronology of terrorism, (the fourth Mickolus has produced), with a selective bibliography on the topic, (his third). Covering the period from 1988-1991, this volume follows the same definition of terrorism and the same format and method devised for its predecessor volumes. The result is the most comprehensive look at terrorism available for the period. The earlier volumes are the standard reference chronologies and bibliographies for students and scholars as well as military observers and public policy makers.
