Earth From Above: 366 Days Yann Arthus-Bertrand

Based on Abrams' hugely successful *Earth From Above: 365 Days*, this new and improved edition includes 60 additional pages and almost 200 brand-new, eye-popping images by renowned aerial photographer Yann Arthus-Bertrand. Reaching across the continents, from the icebergs of Antarctica to the cotton fields of India to the olive plantations of Spain, the breathtaking, full-color photographs are accompanied by informative new captions that illuminate what we see and describe the environmental concerns related to each location.

In addition, all 12 chapters of the book now open with an insightful introduction by one of several noted authors who address a wide variety of subjects critical to the present and future health of our planet: agriculture, biodiversity, sustainable development, energy, forests, fresh water, seas and oceans, global warming. *Earth from Above: 366 Days* offers us a valuable new perspective on our spectacular but fragile environment.
