Genesis 11 & Archaeological Evidence for Paleolithic Man (IBRI Research Reports Book 44) Daniel E. Wonderly

There are good reasons to see Genesis chapter 11 and archaeological data from Paleolithic peoples as compatible. Abundant evidences for such people inhabiting both the Americas and Europe more than ten thousand years ago are here surveyed. It is suggested that these people fit between the disastrous judgment of Babel and the birth of Abraham. Archaeological evidences for the true humanity of Neanderthal man are also presented.
