## Equilibrium: Sci-fi Romance

When you are a half-breed, the product of a violent Stratan father and a human mother, do you really have a chance at a normal life? Eyles “Eyeless” Mort had tried to, even after witnessing his father murder his mother, but it was ripped away from him in one horrible night. Determined to never feel the pain of loss again, to never be vulnerable, he made sure he was the meanest “gun-for-hire” in Plutarch. He lived life on his terms; he didn’t need anyone and didn’t care for anything but getting the job done and getting paid.

Fate intervened, however, as she often does. A deal gone wrong, a betrayal, and suddenly he found himself with a new reputation and a mysterious female “pet”. He never imagined he could feel anything but anger again, but somehow this mysterious blind woman got under his skin.

He found himself at an unfamiliar crossroads: could he keep this woman safe? Or was it inevitable? No matter how much he loved and wanted Vera, she didn’t belong with him.
