Iraq Since 1958 is the definitive political history of modern Iraq from the fall of the Hashemite monarchy until today. As the world prepares for war, it provides a critical analysis of those issues that have dominated Iraqi affairs over the last half-century and will continue to do so in the years to come -- with or without Saddam Hussein. **Iraq Since 1958** covers everything from the structure and ideology of the Ba'thist regime that has ruled since 1968, the nature of the Iraqi economy, tribalism, sectarianism, religious divisions within Iraq, long-standing Iraqi foreign policy imperatives, the personality of Saddam Hussein, and the role of the Kurds and the Shi'ites in a country dominated politically by Sunni Muslims.
