Learn The Basics Of Spanish In 10 Days..EVEN If You Don't Know One Word!

This Beginner's Guide Is Your Launch Pad To "Muy bueno" Spanish

Hola! That's "hello" in Spanish! What a great way to start off with a quick Spanish lesson. So, now you know one word. You must be excited right now, huh? Well, let's not get too carried away just yet. Here's a quick story about what happened with a friend of mine. It happened while he was vacationing with a tour group in Central America.

Let's begin.

Meet Ben

"Ben was touring a small village in Costa Rica with a group. During the tour, he got distracted and saw this beautiful woman. His heart skipped a beat and was eager to approach her. But there was only one small problem. He didn't even know what to say to her. In Spanish.

But he approached her anyways. He said "hello" to her in English and started talking to her. But the look on her face wasn't all smiles and giggles. It was confusion. She had no idea what he said. "I'm such an idiot," Ben said to himself. He turned around to go back to his group..only to see that they were long gone. 'Oh no!', Ben said to himself. His heart was beating fast. He was lost. And he didn't know a word of Spanish to ask for help. He searched the entire village for an hour until the group finally returned. Thanks to his lack of knowledge in Spanish, Ben missed out on a lot. His tour group went on a jungle adventure and explored

caves. He was disappointed. But on the bright side, he did relax at the beach later that day. Perfect for the stress he went through. But the old 'I wish I knew Spanish' kept echoing in his head."

So..What's The Situation Here

Ben was in an unfamiliar place. He didn't know a single word of Spanish. And it created a huge language barrier between himself and the local people. Of course, not everyone around the world can speak English. So, he got lost and missed out on a lot of things he was excited for. All because he got lost and did not know even the basics of Spanish.

This shouldn't be you. You can count on that.
