The Mother of all Pregnancy Books Ann Douglas

The ultimate guide to conception, birth, and everything in between.

Unlike all those other bossy, tell-you-what-to-do titles, this funny, entertaining guide presents expectant parents with all the facts on such perennial hot topics as pain relief during labor, episiotomy, and circumcision, and empowers them to make informed personal choices. It's packed with tools you won't find anywhere else, including:

- * Charts highlighting the risks of using various over-the-counter drug products during pregnancy
- * Lists of the ten best -- and worst -- baby products
- * A set of emergency childbirth procedures
- * Forthright discussions of difficult topics like infertility, high-risk pregnancy, and pregnancy and infant loss that other books are loathe to tackle
