Leadership Toolbox for Project Managers: Achieve better results in a dynamic world Michel A Dion

**Do you want to achieve better results in a dynamic world? Then it is time to add leadership to your skills as a project manager.**

## **The challenge of projects in a dynamic world**

Project management is a powerful methodology that can be applied to many different types of projects. Project management gives a framework to manage projects. In the beginning, it seems that your role is solely to planning, manage and complete the tasks as approved.

As a project manager, you are assigned projects of higher complexity and strategic importance for the organization. To make things more challenging, we live in a dynamic world, with a fast pace of changes, innovations, and high level of uncertainties.

## **Moving beyond managing tasks**

It seems that the kinds of issues and challenges you are facing go far beyond the tools and technique of project management.

You are looking for something else to complement your expertise and knowledge of project management. You already did your homework and learned the tools and techniques of project management. Yet, the demands from the clients, stakeholders, the executive suites are more complex and difficult to manage.

## **Looking for a solution to enhance your professional skills**

You feel it is time to move beyond managing tasks. You realize that your success requires you to be able to do more than just bringing tasks to completion, as planned. You need to lead with a vision, lead by example and excel and decision-making and problem solving.

Then, this book is for you! It is time to add leadership skills to your professional toolbox.

## **Leadership skills for project managers**

Adding leadership skills is a change of emphasis from tasks to vision and results. It is a toolbox of skills that will help you achieve better results and add more value to the projects you are managing.

For complex and strategic projects, it is no longer sufficient to only supervise tasks. The world is fast changing and complex, and many core operations can be managed as projects.

In that context, it is important to bring to the project strong leadership skills.

## **The danger of an incomplete view**

In a dynamic and fast changing world, project success requires leadership, but leadership can be overwhelming if not done properly. Leadership is often discussed in bits and parts. True, Each part on its own provides some benefits. But to achieve optimal results, it is important to cover the various dimensions of leadership.

## **A holistic approach to leadership**

This book provides to project managers a holistic approach to developing their leadership skills and achieve better results in a dynamic world. This is the approach that this book brings to you: a comprehensive view of leadership covering the key dimensions of leadership. It includes self-awareness, self-development, values and ethics, strategic thinking, team management, and finally decision-making and problem solving

## **Start your journey**

Leadership development is important for your career as a project manager. Start your journey. Read the Leadership Toolbox for Project Managers. Equip yourself to achieve better results in a dynamic world.
