Manual de Investigación privada (Spanish Edition) Jose Manuel Ferro Veiga

El investigador privado (frecuentemente abreviado IP y a veces informalmente también llamado private eye), es un profesional que trabaja en el sector privado realizando investigaciones de hechos y conductas privadas, con el fin de obtener pruebas, redactar un informe final para su cliente y, si fuera necesario, ratificarlo ante cualquier tribunal. En la mayoría de los países es una profesión regulada por Ley; sin embargo, esta legislación y/o regulación no es homogénea de un país a otro, y existen grandes diferencias. Cabría destacar que los requisitos para realizar funciones de investigación privada también son heterogéneos de un país a otro.
