The Most Beautiful Gardens in the World

Gardens are unique creations, reflecting not only the landscape, flora, and climate of their environments but also the heritage, the history, architectural styles, and influences, of the cultures that made them. From the fountain gardens of the Iranian desert to the whimsical Garden of Cosmic Speculation in Scotland, from the Zen gardens of Buddhist temples to the Impressionist gardens in Giverny, the huge variety of gardens around the globe is a testament to our age-old desire to tame and refashion nature. In *The Most Beautiful Gardens in the World* photographer Alain Le Toquin celebrates the diversity of these manmade landscapes, capturing 31 of the greatest public and private gardens on five continents, including Majorelle in Morocco, the Versailles gardens outside Paris, the Keukenhof flower show park in The Netherlands, and the Huntington Gardens in California. With more than 150 images and 12 gatefolds featuring spectacular panoramic photographs, this gorgeous book will captivate travelers and garden admirers alike, and will inspire gardeners themselves with fresh ideas for design, horticulture, and use.
