Philology: The Forgotten Origins of the Modern Humanities

James Turner

Philology: The Forgotten Origins of the Modern Humanities James Turner

Many today do not recognize the word, but "philology" was for centuries nearly synonymous with humanistic intellectual life, encompassing not only the study of Greek and Roman literature and the Bible but also all other studies of language and literature, as well as history, culture, art, and more. In short, philology was the queen of the human sciences. How did it become little more than an archaic word?

In *Philology*, the first history of Western humanistic learning as a connected whole ever published in English, James Turner tells the fascinating, forgotten story of how the study of languages and texts led to the modern humanities and the modern university. The humanities today face a crisis of relevance, if not of meaning and purpose. Understanding their common origins--and what they still share--has never been more urgent.

From reader reviews:

Jose Reed:

What do you ponder on book? It is just for students since they're still students or it for all people in the world, what best subject for that? Just simply you can be answered for that question above. Every person has different personality and hobby for each other. Don't to be obligated someone or something that they don't would like do that. You must know how great along with important the book Philology: The Forgotten Origins of the Modern Humanities. All type of book is it possible to see on many methods. You can look for the internet solutions or other social media.

Ginger Beals:

Nowadays reading books become more and more than want or need but also work as a life style. This reading routine give you lot of advantages. The benefits you got of course the knowledge the rest of the information inside the book in which improve your knowledge and information. The information you get based on what kind of e-book you read, if you want get more knowledge just go with schooling books but if you want experience happy read one with theme for entertaining for instance comic or novel. Typically the Philology: The Forgotten Origins of the Modern Humanities is kind of reserve which is giving the reader capricious experience.

Toby Terry:

This Philology: The Forgotten Origins of the Modern Humanities is new way for you who has fascination to look for some information since it relief your hunger details. Getting deeper you in it getting knowledge more you know or perhaps you who still having bit of digest in reading this Philology: The Forgotten Origins of the Modern Humanities can be the light food in your case because the information inside this particular book is easy to get simply by anyone. These books develop itself in the form which can be reachable by anyone, sure I mean in the e-book form. People who think that in e-book form make them feel drowsy even dizzy this book is the answer. So there isn't any in reading a reserve especially this one. You can find actually looking for. It should be here for you. So , don't miss this! Just read this e-book variety for your better life and also knowledge.

Debra Durso:

That reserve can make you to feel relax. That book Philology: The Forgotten Origins of the Modern Humanities was colorful and of course has pictures on the website. As we know that book Philology: The Forgotten Origins of the Modern Humanities has many kinds or style. Start from kids until young adults. For example Naruto or Investigator Conan you can read and think you are the character on there. So , not at all of book tend to be make you bored, any it can make you feel happy, fun and unwind. Try to choose the best book in your case and try to like reading that.
