The Killing Room Peter May

Peter May's thrilling new China novel brings together Beijing detective Li Yan and American pathologist Margaret Campbell for the third time.

When the mutilated and dismembered bodies of eighteen women are discovered in a mass grave in Shanghai, Li is sent to establish if the corpses are related to an unsolved murder in Beijing, and he finds the most horrifying catalog of killings ever uncovered in the Middle Kingdom.

Once more, Margaret is unsure of her mercurial relationship with Li, and if it will threaten their professional collaboration. Having just suffered the heartbreak of burying her father, she arrives in Shanghai to find any partnership with Li threatened by another woman named Mei-Ling. Born in the Year of the Tiger, Mei-Ling seems to have her claws firmly fixed in Li. How can Margaret, a mere "foreign devil," compete with Mei-Ling, the deputy head of Shanghai's serious crime squad?

Faced with the grisly proposition that the murdered women have been subjected to "live" autopsies, the three soon realize they are tracking a monster of inhuman capacity. The closer they get to this ruthlessly cold-blooded killer, the closer they come to realizing their own personal nightmares.

Peter May combines edge-of-the-seat suspense and a brilliantly evoked picture of modern China to create an unstoppable thriller.
