The Pick Up Lines Handbook: An Introduction to Pick Up Lines and Routines Angel Donovan

The Pick Up Lines Handbook is the most comprehensive guide on what pick up lines are, how to use them, how to learn them and what make good or bad pick up lines.

Important: Forget everything you have seen or heard about pick up lines. The lines you have seen are either 'cheesy pick up lines' or 'dirty pick up lines' or just 'funny pick up lines'. They do not work.

Pick up lines that work are ROUTINES. Routines have been used by actors and comedians and even politicians for decades.

True pick up lines make use of this technique and art and apply it to the goal of meeting and attracting women.

Inside you will learn

- * What a Pick Up Line is, what a routine is, what makes it good (or bad), and how it works.
- * Where you can get routines and which ones you should use.
- * How to effectively use a routine. How you say it makes the difference between looking really stupid or getting the girl. It's that simple.
- * Example pick up lines that have been 'field tested' and proven to work.
