#### Dad's gone .. I am in charge now Birdy Fogh

This world is old and I onlu have less than 100 years to live here. There I never expect to change it, or build a new one. Also, I can go back into my past and do things better or right. However, I wish I could go back to where I was born, where I grew up and feel one more time all the joy that I lost. I also wish, I could face the look of people who hurt me and let them know that I am a rock and they didn't break me, they can't. I still stand on my two feet and it is going to be that way until I die. In my lifetime, I learnt that friendship is the most valuable asset. We were all born with different skills just to help each other. And like the say "Paradise finds its roots when you go with someone". I confess, I have not been a good friend and I regret that.
