A lot could kill us all.

The Nightstalkers are back, and the world needs them now more than ever.

When a real-life truth serum, an unauthorized military cabal, and the nuclear football—which contains the authorization the President needs to launch the nation's missiles—all converge, the Nightstalkers suit up for another deadly job. Joining forces with the Cellar, the covert world's police force, the team might be mankind's last hope.

With the President infected by an out-of-control pathogen, the Nightstalkers' primary mission becomes finding a hidden stash of nuclear missiles before a secret group can launch a pre-emptive strike against America's enemies. Because a rogue general has taken control of the operation center beneath the White House, and all hell's about to break loose.
