The Curvature of the Earth. That of the piano, the violin, the broken, curled finger. The curvature of violence across a hemisphere. The curvature of a woman's form. The shared orbits of love, betrayal, and death. This is the story of a classical musician who becomes enraptured by a gambler. The arc they share is a phenomenon of converging desires, but the chaos surrounding their path shows its inevitable exposure to all forces of nature and the meddling mire of humankind. This is a love story.
