Scene by Scene guides are teaching resources. They are short books of questions, designed to save teachers time and lead to rewarding classroom experiences. Each guide is broken down by scene or chapter, to match and complement the text it accompanies. This means that the teacher is provided with a clear list of questions, at every stage of teaching the text. These questions can be used in class, or as homework, and so provide underlying structure to lesson planning. Classroom Questions teaching guides contain both closed, comprehension testing questions, and open, higher order questions, exploring student response, opinion and analysis. Closed questions can be used to check understanding and make sure students are on-task, while open questions promote thinking and reflection. In this way, Scene by Scene Classroom Questions keep students engaged with and focused on the text, and involved in classroom discussion. The Fault In Our Stars Classroom Questions is a book for English teachers who are teaching The Fault In Our Stars by John Green and intend to set questions for homework or classwork. The Fault In Our Stars Questions contains 182 questions, divided by chapter, to keep students engaged and actively thinking about the novel. Why choose to study The Fault In Our Stars by John Green? Themes of love, loss, grief, challenge, relationships and identity. Modern setting. Memorable narration of Hazel, a teenage cancer patient. Interesting characters – Hazel, Augustus, Isaac, Peter Van Houten. Compelling storyline. Entertaining, humourous and moving. Strikes a chord with YA audiences.
