Excerpt from The White Doe the Fate of Virginia Dare: An Indian Legend

A familiar knowledge of the history of one's own country increases patriotism and stimulates valor. For this reason the study of written records called history should be supplemented by research into myths, folk-lore, and legends. While the value of history lies ever in its truth, it must yet bear the ideals of the people who participated in the events narrated. Tradition was the mother of all history, and was necessarily robed in the superstitions of the era of which the tradition tells. History writers, jealously guarding the truth, have striven to banish all traditions which seemed colored by fancy or even freighted with a moral lesson. These exiled traditions, bearing the seed-germs of truth, cannot die, but, like wandering spirits, float down the centuries enveloped in the mists of superstition, until finally, embodied in romance or song, they assume a permanent form called legend and become the heritage of a people.
