St. Petersburg: Architecture of the Tsars

Dmitri O. Shvidkovsky

St. Petersburg: Architecture of the Tsars Dmitri O. Shvidkovsky

Before becoming a city, St. Petersburg was a utopian vision in the mind of its founder, Peter the Great. Conceived by him as Russia's "window to the West," it evolved into a remarkably harmonious assemblage of baroque, rococo, neoclassical, and art nouveau buildings that reflect his taste and that of his successors, including Anna I, Elizabeth I, Catherine the Great, and Paul I.

Crisscrossed by rivers and canals, this "Venice of the North," as Goethe dubbed it, is of unique beauty. Never before has that beauty been captured as eloquently as on the pages of this sumptuous volume. From the stately mansions lining the fabled Nevsky Prospekt to the magnificent palaces of the tsars on the outskirts of the city, including Peterhof, Tsarskoe Selo, Oranienbaum, Gatchina, and Pavlovsk, photographer Alexander Orloff's portrait of St. Petersburg does full justice to the vision of its founder and namesake. The text, by art historian Dmitri Shvidkovsky, chronicles the history of the city's planning and construction from Peter the Great's time to the reign of the last tsar, Nicholas II. Anyone who has ever visited--or dreamed of visiting--the city of "white nights" will find St. Petersburg irresistible.
