Fixin' to Die: A Compassionate Guide to Committing Suicide or Staying Alive (Death, Value and Meaning) David Lester

We all have to die. Most would prefer to die in their sleep, quickly and without pain. Many of us will not. In "Fixin' to Die", author David Lester submits that a decision to commit suicide is highly personal and not to be enforced by others, whether psychiatrist, psychologist, law-maker, clergy, friend, or relative. He further contends that the choice of suicide can be both rational and morally sound. This book is a guide for those evaluating suicide as an option, for making the final decision and carrying it out, or resolving to continue living.
