A+ Super Phonics to the Rescue!: The one and only program needed for reading success! Linda Tognoni M.Ed.

This program is for parents and teachers who want confident students - Kindergarten to Ninth Grades - who learn to read step-by-step, successfully. Stop the frustration, embarrassment, and guessing of struggling readers! Direct, sequential (step-by-step) systematic, instruction of phonemic awareness and word analysis skills are essential for foundational success in reading and spelling. This program uses research based strategies and pragmatic, common sense instruction that works! It shows parents and teachers HOW and WHAT to teach using tried and true methods that ensure students will make rapid gains to achieve reading mastery. Have your students been taught vowel spelling choices? Do they know all 73 phonograms that are essential for reading and spelling success? Do they automatically look for syllabication patterns when decoding an unfamiliar word? If the answer to these essential reading skills questions is "No" then they have not been taught to read the right way! In the 1970's Dyslexia - difficulty reading - was at estimated at 1%, now according to the US Health and Human Services Dyslexia is at 15%. Sadly, teaching reading has become a lost art in America. Rather than a nation of READERS our children are not taught word analysis SKILLS but are taught to be GUESSERS! Ms. Tognoni's 27 years of front-line experience brings the ultimate answer to reading success. This program features: DIAGNOSTIC TESTING, a complete SPELLING PROGRAM, VOWEL SPELLING CHOICES, GRADE LEVEL VOCABULARY, FUN LEARNING GAMES and much, much more! "A+ Super Phonics to the Rescue!" restores exceptional reading instruction and gives students the essential skills they need for excellence and pride in reading achievement!
