Friday in France, is a laugh-out-loud, 5-STAR, true, fish out of water story about a successful, New York TV Production Executive that leaves the rat-race and insanity of her life behind to go live on a calm and quiet, French Island in the Atlantic with her surfer-boyfriend. If you ever dream of leaving your life behind, this is the book for you. This charming account of turning one's life upside-down will transport readers to the beautiful, sandy shores of l'île d'Oléron and far-away from the doldrums of everyday life. Reading Friday in France is like winning a free trip to Europe. Imagine leaving one extreme living situation and moving into a polar-opposite existence. Picture saying good-bye to the hectic pace of Manhattan with eight million inhabitants, to go live on a tiny-island in a village of just fifty people! Tender, unique and delivered with a comic flair, Friday in France shares an inner-dialogue that world-travelers and dreamers will relate too. It will simply make you want to go and pack your bags. And if you have never traveled to Europe, are relocating or thinking of spending a semester abroad, or taking a trip to France, this book will light your way with laughter. Friday in France explores all the unique experiences that happen along the way going from the island of Manhattan to the island of Oléron. Quirky handsome surfers, romance, wine-fields and farmer's reports, as well as touching stories and character development unfold on each page.
