Crime-scene photographer Michael Kapinsky is a man whose first life is in a mess. But his second life is about to get a whole lot messier. Staggering under the financial burden left by his recently deceased wife, Michael struggles to come to terms with her death - until his psychologist persuades him to enter a virtual world called Second Life to participate in a new kind of group therapy. Once there, his persona, Chas Chesnokov, discovers that victims whose crime scenes Michael has attended in the wealthy Southern California resort of Newport Beach have had their avatars clinically executed in the virtual world. Co-opted into the Twist of Fate Detective Agency, Chas embarks on an investigation with an exotic dancer and escort girl. They uncover a series of killings and a financial scam that is netting the murderer millions of dollars. And when Michael is tempted by money that mysteriously appears in Chas's Second Life account, both his real and his virtual lives are in danger.
