Nola is born into poverty in Sarsenay City. When her mother realizes that Nola has the gift of Othersight and can foretell the future, she sells her to a brothel seer, who teaches the girl to harness her gift. As she grows up, she embraces her new life, and even finds a small circle of friends. All too soon, her world is again turned upside down when one of them is murdered. When a handsome, young Otherseer from the castle promises to teach her, she eagerly embraces the prospects of luxury beyond what she can imagine and safety from a killer who stalks girls by night. Little does she know that he will soon draw her into a web of murder, treachery, and obsessive desire that will threaten the people and land she holds dear, and that she will soon learn the harshest of lessons: that being able to predict the future has nothing to do with being able to prevent it.
