Social Motivation (Frontiers of Social Psychology)

Social Motivation (Frontiers of Social Psychology)

Motivational science is one of the fastest-growing areas of research in social psychology, incorporating multiple perspectives from social-personality research. This volume provides students and researchers with a comprehensive overview of major topics in social motivation. All contributors are renowned specialists in their field who provide in-depth and integrated coverage of the major empirical and theoretical contributions in their area.

Social Motivation is essential reading for all social psychologists with an interest in social-motivational processes, and will also be of interest to people working in political science and cultural studies looking for a psychological perspective to work in their field.
