Christ-Centered Biblical Theology: Hermeneutical Foundations and Principles Graeme Goldsworthy
2012 *Preaching* Survey of the Year's Best Books for Preachers The appeal of biblical theology is that it provides a "big picture" that makes sense of the diversity of biblical literature. Through the lens of biblical theology the Bible ceases to be a mass of unconnected texts, but takes shape as a unified metanarrative connecting the story of Israel with that of Jesus. It presents the whole scene of God's revelation as one mighty plan of salvation. For fifty years Graeme Goldsworthy has been refining his understanding of biblical theology through his experiences as a student, pastor and teacher. In this valuable complement to his *Gospel-Centered Hermeneutics*, Goldsworthy defends and refines the rationale for his approach, drawing especially on the work of Australian biblical scholar Donald Robinson.
